PROFESSIONAL SUMMARY

Backend-focused Java Developer with strong fundamentals in Core Java, Spring Boot, and RESTful API development. Experienced in building backend applications using Spring, Hibernate/JPA, and MySQL, with a solid understanding of object-oriented design and foundational data structures. Focused on writing clean, efficient, and scalable backend code, and want to contribute to backend development and grow as a software engineer.

TECHNICAL SKILLS

- **Programming Languages:** Java (Core Java, Java 8+), SQL
- **Technologies & Frameworks:** Spring Boot, Spring Core, Hibernate (JPA), JDBC, RESTful APIs
- **Data Structures & Problem Solving:** Arrays, Strings, Two Pointers, Sliding Window, Binary Search(foundational)
- **Databases:** MySQL (CRUD operations, joins)
- **Tools & Version Control:** Git, GitHub, Postman
- **Frontend:** HTML, CSS, JavaScript

PROJECTS

Student Management System – REST API

- Developed a Spring Boot REST API to manage student records with complete CRUD operations.
- Implemented 6+ REST endpoints using ResponseEntity with proper HTTP status codes.
- Applied DTO-based architecture with Jakarta Validation and global exception handling with 4+ error scenarios.

Employee Management System

- Implemented 4 complex JPA relationships (One-to-One,One-to-Many Many-to-Many) across core entities.
- Designed 20+ REST APIs with DTO mapping to avoid entity exposure and circular dependencies.
- Applied lazy and eager fetching strategies to control data loading and serialization.
- Implemented 5+ validation rules and centralized exception handling using Jakarta Validation.

MediReport – Secure Medical Records Management System

- Designed and developed a role-based medical records system supporting 2 user roles (Hospital and Customer)
- Implemented RESTful APIs across 4 core modules (Hospital, Patient, Visit, Document) with data flow,validation
- Built dashboard-driven frontend using HTML, CSS, and JavaScript to manage and view medical records across multiple hospitals.

EDUCATION

Master of Computer Applications (MCA) — VSU University | 2023 - 2025 | GPA: 8.0

Bachelor's Degree (BSc) — ASR Degree College | 2020 - 2023 | GPA: 9.7

ACHIEVEMENTS & CERTIFICATIONS

- Secured **2nd rank in SSC examinations** with a CGPA of 9.7 awarded a Merit Certificate by the District Collector.
- Received the **Best Achievement Award** for outstanding academic performance during Bachelor's degree.
- Completed Responsive Web Design certification from freeCodeCamp.
- Completed Java Full Stack Developer training from Kodnest Technologies with hands-on backend and frontend projects.
